**Sub: Advertisement for the post of Research Associate-II in ASEAN-India project**

**Date: 01<sup>st</sup> September 2022**

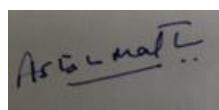

Applications are invited for the position of a Research Associate-II funded by the ASEAN-India Science, Technology and Innovation Cooperation, in an international collaborative project entitled “**Development of a piezoelectric based point-of-care biosensor for COVID-19 detection**”. The project is a collaboration between University of Petroleum and Energy Studies (UPES Dehradun, India), Suranaree University of Technology (Thailand) and Universiti Malaysia Kelantan (Jeli campus, Malaysia).

**Eligibility:** PhD in Physics/Chemistry/Materials Science/Nanoscience and Nanotechnology with expertise on piezoelectric biosensor development. Fresh PhD candidates (degree awarded/thesis submitted) are encouraged to apply.

**Project Duration: 2 years**

**Emoluments: INR 49,000 + 16% HRA = INR 56,840 per month (for 2 years)**

Interested candidates may send a cover letter along with their complete CV having details of academic qualifications, research experience, achievements and contact details (email id, mobile number and complete postal address) within 10 days of this advertisement to the undersigned via email. Please mention “**Application for Research Associate-II ASEAN-India 2022**” in the subject line. Selected candidates will be called for online interview and appointment of the successful candidate will be on temporary basis or co-terminus on the funded project.

Dr. Ashish Mathur,
